Re: Establishment of National Standards for Laboratories/Immunohistochemistry Testing

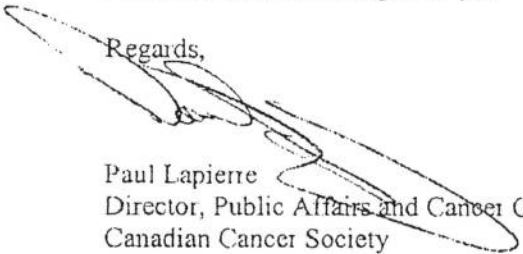

Dear Dr Banerjee,

Thank you for your letter that you sent to both the President and CEO of our organization about your interest in collaborating with the Canadian Cancer Society.

The Canadian Cancer Society agrees that national standards are important for laboratories. Please feel free to contact me at my office, (416) 934-5692, or by email, plapierre@cancer.ca, to further discuss this issue

I look forward to hearing from you

Regards,

Paul Lapierre
Director, Public Affairs and Cancer Control
