Things to do

- ~~Test~~ Test and reconfirm ID case always ID.
- ~~retest~~ -ve patient
- ID to lab program, urgent case
- Compensate last unit with Mont Sina
- Get chief to fix Mont Sina to look at tests
- get Allen down.
- Get own system, validated, very quickly.

update from Terry Sullivan
Dec 3, 2005

Bonchen Received all Bonchen cases including 2002's in one batch in mid August - now sent off to Mount Sinai

Carlson - Received Carlson cases mid August - have one sent off to Mount Sinai

Carlson - 2002's - one not sent 6-7 cases

Grand Falls - Came in Sept 30, 2005, - 87 cases in total - well upon receiving from Dr Cook to be sent off

Grand Falls 2002 - Received 17 cases, have not been sent off

Carver Brook - Terry sent off whole lot of referral end of Aug - still no cases, however they are working on them

HCCSJ - everything from 1999 to 2004 sent off 327 cases received 142 cases to day

1997-1998 - spread sheet organized, and blocks to be received by Dr Cook.
