

Dean & Paul Neil

- 2002 mostly completed (30-40 cases)
- fair amount of work
- being done on O.T. basis and being charged back to HCSSJ; staff are working O.T. several nights per week (scg, techs, Paul)
- everything ready in next few weeks
- Frank & Hedy sat with staff yesterday to come up with OT plan.
- can we get the 2002 blocks out now?
- he feels the technical questions should be answered by St. John's.
- Paul has had 1 call already.
