Hi Susan

Just went to talk to you and Liz said you're out. Carolyn Chaplin just emailed me and she was listening to the radio and apparently someone was on Backtalk with Bill Rowe going on and on about ER/PR and Bill Rowe was adding fuel to the fire....I know this stems from the fact that Dr. Williams did yet another interview – this one with Doug Learning – even after I and you, suggested he not do it.

I don't know if you have any clout to put a stop to this but if we don't stop doing these interviews this issue will never die in the media. We are on week five in the media now. I don't know if you can talk to George or whatever, but it's really hard to manage this like this. I know you agree.

Anyway...maybe something to talk about at exec.

Cheers
Deb.
