

**DÉPARTEMENT DE PATHOLOGIE
PATHOLOGY DEPARTMENT**

STAGE EVALUATION

Mr. GREEN Kenneth, Technologist from Eastern Health – South Wing, Waterford Hospital

Dates: January 16, 2006 to January 27, 1006

Section: IMMUNOPATHOLOGY LABORATORY

LABORATORY	ITEM	Review	Achieved competency
Histopathology	Gross specimen cutting	X	
	Fixation	X	
	Specimen Processing	X	
	Paraffin blocks sectioning	X	
Immunopathology	ISH EBER CONTROL		X
	PRIMARY ANTIBODY (clone dilution		X
	TITRATION (New Antibody)		X
	READING INTERNAL CONTROL		X
	READING & TROUBLESHOOTING		X
	REQUISITION/IMMUNOFLUORESCENCE		X
	REQUISITION/IMMUNOPEROXIDASE		X
	ER/PR PROTOCOL & CONTROL RESULTS		X
	Her2New PROTOCOL & CONTROL RESULTS		X
	FLUORESCENCE TECHNIC (kidney bx)		X
	FREEZING PROCEDURE		X
	CUTTING		X
	STAINING		X
	PROTOCOLS		X
	SOLUTIONS		X
	BENCHMARK		X
	MAINTENANCE - daily/monthly/quarterly		X
	PROTOCOLS / CREATION		X
	PRINTING / Run reports protocols		X
	BAR CODE – TEMPLATE CREATION		X
	BAR CODE – PANEL CREATION		X
	BAR CODE CONFIGURATION		X
Documentation, photocopies, list of antibodies-clones-methods was made available.			

Conclusion

Mr. Kenneth Green has passed the competency based objectives in immunoperoxidase techniques/Ventana Benchmark based procedures.

Edouard Depestre
Chief of Pathology Services
2006-02-07

NOTE:

Mr. Green was supervised by one of senior technologist during his training. This evaluation was done after discussing his performance with his training supervisor. Mr. Green also had a reviewing session in our tissue receiving lab. (grossing, processing, embedding) and histology. This was done prior to his assignment in immunopathology.
