- last fall seen by Dr. [REDACTED]; had follow-up on chest consolidation, ^{in PC.} Saw someone else when she came back; had a pleural effusion, which was negative. Getting a pleural biopsy done soon (?).
No signs of recurrence. Not aware of any adjuvant therapy. Dr. [REDACTED] suggests that I check c him in 1-2 wks re pleural biopsy results. She has a smoking history too.

July 17, 2007. Spoke with Heather Pridham at Eastern Health. Letter sent to Dr. [REDACTED] and copied to Dr. [REDACTED] regarding results of final review and recommendation forwarded to [REDACTED]. Letter sent March 6, 2006.
