Dr. Baker, Dr. Dankwa, and Dr. Khan,

The Conference Service at Memorial University advised me that your facility does not have the capability to be set up for videoconferencing. You can, however, go to your local community college to participate.

I spoke to Dr. Nash Denic, and he recommends that you go to the community college to participate, for he will be showing slides.

Can you let me know if you are able to go to the community college on November, 20, 5:00 p.m. for the ER/PR presentation. I will have all the arrangements made from this end if you can.

Also, please let me know how many will be participating from each of your areas.

Thank you.
Denise
