Hi Heather,  
According to the Don's book, the information in Meditech is correct. Check the original report and let me know.

Hi Nash,

As you know Marian and I are reviewing my data and confirming the numbers with Meditech. Can you check on this with me?

RS # [REDACTED] Surgical # 00:SU12541  
Left biopsy: original results ER/PR negative  
The results I have from Mount Sinai is ER 5 PR 0  
BUT, the results in Meditech is ER 0 PR 0

RS # [REDACTED] Surgical # 01:SU189  
Primary tumor: original results 0/0  
The results I have from Mount Sinai is ER<1 PR 0  
BUT, the results in Meditech is ER 0 PR 0

By the way, the results for the metastatic tumor (RS # [REDACTED] Surgical # 01:SU189) agree, so you don't need to check on them  
(Original <30/neg; MS first retest 5/0; M/S second retest 65/0)

Thanks  
Heather
