Hi Heather:

No problem, I will have the charts pulled and discuss with the physicians involved.

Regards, Chris

Hi,

Would you be able to do me a favour? Can you check with these physicians and confirm that these patients are aware that they were retested and their results?

Thanks for following up on this for me..... We have registered letters going out to all patients who were retested from the CEO.

Anyway, I'm trying to confirm that the patients are all aware that they were retested and aware of the results before they get this letter. I'm down to that last few that were recently paneled or sent as consults

██████████ MCP# ██████████

This lady was paneled in December 2008. Dr. ██████████ has seen her since

██████████ MCP# ██████████

Retested as a consult; Dr. ██████████ sees her and she was confirmed negative

██████████ MCP# ██████████

Consult was done on request of Dr. ██████████

Thanks so much

Heather
