We do have to have them added to the NLCHI database. However, I can get their addresses and have their letters prepared while that is being done. You do need to get the names over to Don MacDonald, he is waiting for them. Then he can send the updated database to Steve Green and voila...we have them. Pat

Hi Pat,

These are the patients who have self identified recently. In order for these ladies to get a letter, do we have to wait for them to get added to the database? I know you are preparing a letter for [REDACTED] for Nancy; can the others be done then as well?

Heather

Hi,

Sorry.....made a type on the last one.....destroy the last one

Heather
