Hi Heather,

Hope all is well. We received a CD containing list of 15 patients from Pat's office but without a cover letter we did not know what was required. The addresses and info for the list of patients with "unable to contact" status have already been provided to Eastern in the latest copy of the database (April 30th). Please be advised that addresses and info may not be available for all these patients and if the MCP eligibility is stated as "N", these patients have not re-registered, thus the Center can't confirm their addresses and contact information.

Please let me know if you have any questions.

Take care,
Reza

Hi Reza,

How are you? I was wondering re: the progress of the "unable to contact list" and your work on "running them through the MCP database"..... how is that going?

If you could send over the addresses you have I could compare them to ours

Thanks

Heather
