Hi Terry,

Include them all, I will delete the ones in that last part that I don't need to include

Thanks
Heather

Heather,

Within the late indentified section, I see 144 records for MSsent date, Then at the end I see and another 85 with unknown MSsent date. Do you want all of the 229 or a certain section.

Terry

Hi Terry,

Steve did up a report in the database to identify those that were "late identifiers". I have been reviewing them to determine the cause of the late identification.

I was wondering if I could get that report put in excel so I wouldn't have to retype the names? Is that possible?

Thanks

Heather
