I called her this afternoon but she couldn't chat. She will call back later.

I have no idea but there is NO press release being issued. I'm helping her to prepare for media inquiries, but that is all.

Perhaps she was referring to some background information being sent with the request. Robert said there was definitely a reference. Do you know what she could be talking about?

No. No news release is being issued. That must have been a misunderstanding there.

Susan,
In discussions between Joan and Robert this week, she indicated that there was a draft news release prepared in relation to an Access to Information request regarding the resignation and that we would be provided the draft well in advance. Can you please forward if drafted?

Tks,
Tansy
