

Oct. 5 - 2005.

This woman had brst. ca. 1997. She states she was ER neg + PR pos. She "had to ask for Tamoxaphin" + took it for 5 years. She now wonders if her specimen will be re-tested. She feels her Dx. could impact her daughter.

Discussed this case with Dr. Cook [REDACTED]

Pt's fam. dr. is [REDACTED]

I spoke to Dr. Cook, we will re-test this pt.
