Subject: Establishment of National Standards for Laboratories/Immunohistochemistry Testing

Dear Dr. Dawe:

In reply to our letter, Dr. Paul Lapierre mentioned that you would be our contact person with the Canadian Cancer Society.

A conference call with interested coalition partners will be set up shortly as more details are forthcoming.

In the meantime, please do not hesitate to contact us, should you have any questions, comments or require further information.

We look forward to working with you to the establishment of National Standards for Laboratories/Immunohistochemistry Testing.

Sincerely,

Jagdish Butany, MBBS, MS, FRCPC
President, Canadian Association of Pathologists
