Dear Mr. <sup>Robert</sup> Thompson:

In response to your correspondence of March 6, 2008, please know that Western Health is reviewing our health records to confirm that the results of ER PR testing, completed By Mount Sinai (but not as part of the retesting process) were shared with appropriate physicians for review with the patient. This review is limited to the three people named in your correspondence. I understand, from your correspondence, that you are not requesting any additional information from us, specific to updating the NLCHI database.

Thank you for considering this response. Please contact me if you have questions.

Sincerely,

Susan Gillam  
Chief Executive Officer
