Hi Moira

Further to our phone call a short while ago, I have confirmed with Dr. Neil that our ER/PR specimens are still going to Mount Sinai. As well, regarding the tissue fixation standards circulated by Dr. Denic, Dr. Neil confirms that we are following that standard.

2 Apr 08 - TC = Mona Hennesy re:

- ER/PR

① is it still going to Mount Sinai?

② Dr. Denis circulated standard to Directors of Path re fixation; are we following that standard, and are there any issues?

- D/W Paul Reel

① yes to Mount Sinai fixation

② we are following <sup>fixation</sup> standard as best we can; occasionally specimen comes in on Thursday. We are meeting the standard. Some controversy around this in literature. We have met the standard in all cases to the best of Paul's knowledge.
