-

for IH clients

receded in administrative
stipend

local to a whole industry
~~Some~~ role to be counted on

• need administrative support for document control

• ongoing CME for the techs is an important issue

need to
control
CME

← • successful planning for tests in the ITI Service
(shouldn't be going person/parts for less some person. see also)
- look at more of education / standard
of central files

AER-2 NEU

- currently only out
- need to spend more time on
this (could be FISH 2 pt or
Staining)

Dr McCarty - recently oncologist demand
cut off of ER/PR for further
purposes

- give me 1020
- give me 1020
- no clinical randomized data
O Say who will benefit
for Tamoxifen

Dr Egehus - there are many studies & blocks
re previous issues

Mr Salter - internally is well as 90 us
important re decisions

* Best Tumor Surg - Pathologist
to determine if possible to follow
out get together
