To: Dr. Robert Williams

Subject: Medical Staff Structure

Dear Dr. Williams,

As per my previous correspondence, a resolution in support of the proposed new Medical Staff Structure for the region was unanimously passed at our District MAC meeting yesterday.

Thanks

Justice

Subject: Medical Staff Structure

Dear Dr. Williams,

This is to confirm that at a recent Medical Staff meeting, the proposed new medical staff structure for Eastern Health was approved without any new suggestions.

I hope to get a formal resolution from the MAC at our next meeting on October the 11th.
regards.

Justice

- Dr. Williams welcomed medical staff and provided an overview of the proposed medical structure.
- This structure has been developed based on consultation with the Chiefs of Staff, Presidents of Medical Staff and Medical Directors.
- Dr. Williams circulated the draft documents on medical staff structure and asked for feedback over the next two weeks.
- Dr. Williams also proposed establishing a steering committee of approximately 9 people to develop a set of by-laws for Eastern Health. It is planned that a consultant would be hired to work with this team.
- Information will also be circulated to members not present.
