Possible dates: March 19(arrival) - (return evening) March 20. In my earlier message I had said return on March 21, but I have to be back at work that day so I don't miss an important meeting. Other dates: April 9-11 inclusive.

Hi Diponkar,  
In regard to the ER and PR's we are in the implementation phase of many of the recommendations brought forth by the review process.We are hoping to restart the system by the end of March. I would appreciate it if you could fly to St John's some time near the end of March and review the progress we have made. We would value any observations and recommendations that you make regarding implementation of the system. We will of course reimburse you for all expenses and time involved.Looking forward in hearing from you and hope you can visit.  
Regards  
Don
