Hi Tansy:

I just arrived of a flight so will work from home for the balance of the day. My home number is 364-7136 if you need me. I will draft a letter and have Bev format it for the minister in the morning.

I note the er/pr and the Burin radiologists issue made the headlines for the Globe and mail.

cheers

Ed

Ed,

John asked that I email you on his behalf to request that you prepare a letter for the Minister's signature to Eastern Health requesting a full report on the Burin Radiologist issue. The time should include actions from the time of hire in November 2006 up to and including May 10th, when the Department first became aware of the issue. A particular focus should be placed on the timeline for the results of the peer review process (from February 28th to May 9th, when report received).

Tks,
Tansy
