Subject: Re: ER/PR Database Request

Hi Don,

The other RHAs would not be aware that we have asked the Centre to do a piece of work on ER/PR testing so I think the Dept should make the initial contact with the CEO and ask each RHA to provide you with a contact person. What is the timeline for the RHAs to respond? I will copy you on my e-mail request to the RHAs.

With respect to the cancer registry, Dr. Oscar Howell is our contact on the ER/PR file. Since he would be aware that you are doing this work, you should contact him directly. Alternately, Pat Pilgrim has executive responsibility for cancer care and you could ask her to get the info from the cancer registry. FYI, there were women and men involved in the ER/PR testing issue.

We would not have a contact for Mount Sinai. Eastern Health would have to provide the information. Unless you see a problem, Eastern could request the information you need from Mount Sinai. Alternately, we could do that but we would need the contact information.

Moira

Subject: ER/PR Database Request

Hi Moira:

In beginning our work we require some direction on how best to access the data required for building the database. Specifically, we require:

1- A list of all ER/PR testing done at Western, Central and Labrador RHAs from January 1997-December 2005. The lists should be requested directly from the regions. Will the Ministry request this data

on the Centre's behalf, or will a contact in each Authority be provide to the Centre?

2- A list of all female breast cancer patients from the Newfoundland Cancer Registry from 1997-2005. Will the Ministry request this data on the Centre's behalf, or will the Centre use George Tilley's

e-mail indicating his support to request this data? (see below)

3- A list of all ER/PR testing/retesting carried out at Mount Sinai for the entire province from 1997-2005. The question again is who will request this data?

Subject: RE: Access to Information ER/PR

Don, further to the correspondence below, this would confirm my approval

for you to access information related to the data base for patients who were involved in ER/PR testing within the Health Care Corporation of St.

John's/Eastern Health.

George

Subject: Access to Information ER/PR

Hi George:

Wondering if you could e-mail Don MacDonald at the NL Centre for Health

Information to confirm the Centre's access to information related to the

ER/PR patient files, meditech information, etc. Don's email address is

donm@nlchi.nl.ca

Thanks,

Bev
