Subject: Re: ER/PR Testing

Thanks. There was an issue yesterday where John R asked another staff member to call and get some information. This individual called the Laboratory Manager who then contacted Dr. Howell and on it went. Anyway, I will deal with this now.

Absolutely. I can't imagine who else is calling.

Robert,

I had a call from Pat Pilgrim ,COO, expressing some concern that a number of people in the Dept are contacting various people at Eastern on this issue. She asked if we could streamline the number of contacts.

For your information, there are two contacts on this file at Eastern, namely, Dr. O. Howell and Heather Predham, Assistant Director of Quality and Risk Management.

I would like to suggest that we name Bev Griffiths and Cathi Bradbury as the two key contacts for this Department. That does not preclude you, Tansy or me from calling as needed.

Are you OK with this approach?
