Hi,

Yes, beacuse if they have we can panel them if need be.....you know, I can make that a shorter list for someone to check....I'll take out the known deceased (which is getting longer the more people I CALL!!!!) and just leave the ones for portential panelling....it'll make it easier.....so delete that file and I'll send you an amended one in the am....

Do you think someone could do it fairly quickly?

Heather

The short answer is yes.....so that I am correct here, all you want to know is if these individuals were ever seen here or in our regional clinics, right??

HI,

Can you give someone the attached file of the out of town results and see if they can determine if they are Cancer Clinic patients or not?

we will be definately panneling them if they need to be, but those that aren't....we can't.....western and Central have asked if I could tell them who we are panelling.....

Thanks

Heather

And of course, if it doesn't make sense...call me
