Heather

As I have recently resigned from my position with Eastern Health and am quite busy covering call and attempting to clue things up at my desk, I will not be taking part in further ER/PR panel meetings. I wish you well in this endeavor. I would be happy to act in the short term in a consultative manner for any specific breast pathology issue that may arise from your meetings.

Subject: FROM HEATHER PREDHAM RE ER/PR MEETINGS

Hi Everyone

As everyone has acknowledged that we need to panel all those who require it as quickly as possible, and we cannot panel more than 20 -25 at our Thursday night meetings, I brought the outcome of our discussion last Thursday's to Dr. Williams and he has agreed to your requirements to get these patients more quickly.

So, in light of that, I will go ahead and book the following two Saturdays (February 18 and 25) from 9-5. I am assuming that this Thursday's panel will still go ahead and that we will get lunch catered on the Saturdays....Is there anything else?

Kara, I'm only sending this e-mail to you, as I guess we only require two medical oncologists present. Could you coordinate who will be attending?

I will get the names from outside the region and get them to send the clinical information in by that second Saturday for those without cancer Clinic charts.

Thank you so much for agreeing to do this.

Heather
